Connecting parents to the resources in their community

Your Parenting and Family Coach can assist you with the following:

- Parent Education
- Family Support
- Information Referrals
- Early Childhood Development

WONDERING ABOUT YOUR CHILD'S DEVELOPMENT?

Ages 2 months to 60 months

A developmental check-up will help you see if your child is developing typically with speech, language, social interactions and/or motor skills. The **Ages and Stages Questionnaire** can give you a guideline to tell if your child is doing what other children of the same age are typically doing. It is a great tool to know what activities you might try next and to see if additional support might be needed.
